

# Quality Management Statement | Wytech Limited

Our quality management policy aims to achieve sustained profitable growth by providing services which consistently satisfy our customers' expectations. This level of quality is achieved through adoption of a system of procedures that reflect our competence to existing and potential customers.

Achievement of this policy involves all members of staff, who are individually responsible for the quality of their work, resulting in a continually improving working environment for all.

To achieve and maintain the required level of quality assurance the Managing Director retains responsibility for the Quality Management System with routine operation controlled by the Operations Manager.

The objectives of the Quality Assurance System are:

- To maintain an effective Quality Assurance System
- To achieve and maintain a level of quality which enhances our reputation with customers
- To ensure compliance with relevant statutory and safety requirements
- To endeavour, at all times, to maximize customer satisfaction
